

TO: ALL USAF MARS MEMBERS  
FROM: HEADQUARTERS USAF MARS  
OFFICE OF THE DEPUTY CHIEF, AFG1  
DATE: 19 JUNE 2020  
RE: ACP 126 AND ACP 127 USAGE

ALL CONCERNED. THERE HAS BEEN MUCH DISCUSSION SURROUNDING THE CONTINUING USE OF THE ACP 126 AND ACP 127 COMMUNICATIONS PROTOCOLS BY USAF MARS.

**THE ALLIED COMMUNICATION PROCEDURES (ACP)** IS THE SET OF MANUALS AND SUPPLEMENTS PUBLISHED BY THE COMBINED COMMUNICATIONS ELECTRONICS BOARD THAT PRESCRIBE THE METHODS AND STANDARDS TO BE USED WHILE CONDUCTING VISUAL, AUDIBLE, RADIOTELEGRAPH, AND RADIOTELEPHONE COMMUNICATIONS WITHIN NATO MEMBER NATIONS. THESE PROCEDURES RELATE TO PROCEDURE WORDS, RADIOTELEPHONY PROCEDURE, ALLIED MILITARY PHONETIC SPELLING ALPHABETS, PLAIN LANGUAGE RADIO CHECKS, THE 16-LINE MESSAGE FORMAT (RADIOGRAM), AND OTHERS.

| No.     | NAME                                                                               | LAST ACTION                         | COMMENTS                                                                                                                                                                                                     |
|---------|------------------------------------------------------------------------------------|-------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| ACP 126 | Communications<br>C[5] Instructions:<br>Teletypewriter<br>(Teleprinter) Procedures | 1989- 05<br>Withdrawn<br>2016-10-20 | ACP 126(C) is now withdrawn from publication. This copy is retained for reference only. JAFPUB 2016-49 refers.                                                                                               |
| ACP 127 | Communications<br>G[6] Instructions—Tape Relay<br>Procedures                       | 1988- 11<br>Frozen                  | The purpose of this publication is to prescribe the procedure to be employed for the handling of messages by manual, semiautomatic or fully automatic relay systems, referred to collectively as TAPE RELAY. |

PURSUANT TO THE CHART ABOVE FROM THE CCEB, PLEASE NOTE SPECIFICALLY THAT ACP 126 HAS BEEN WITHDRAWN FROM USE IN 2016. FURTHER ACP 127 IS FROZEN AND EXPECTED TO BE WITHDRAWN VERY SOON.

ACCORDINGLY, USAF MARS IS WITHDRAWING USE OF THESE TWO ACP PUBLICATIONS EFFECTIVE WITH THE DATE OF THIS MEMORANDUM. REFERENCES TO THESE DOCUMENTS WILL SYSTEMATICALLY REMOVED WITH THE NEXT REVISION CYCLES OF THE AFFECTED DOCUMENTS, I.E. THE MOI AND MESSAGING MANUAL. USE OF ACP 126 & 127 IS NOW OPTIONAL.

WHEN APPLICABLE NEW DIRECTIVES ARE RECEIVED, USAF MARS WILL ADOPT THEM.

IF YOU HAVE QUESTIONS OR CONCERNS, PLEASE DIRECT THEM TO YOUR COGNIZANT GROUP OR WING COMMANDER.

/S/

M. Allen AFG1
